Attracting the Best Graduate Students Survey -- - December 2015

- 67 Departments responded, with 82 total majors and 134 degrees represented
- **Survey question 4:** What are the current barriers, internal and external, in attracting the best graduate students to apply and enroll in your program?
 1. **Student Funding**
 - Limited scholarship/fellowship funding and number of assistantships, unstable funding
 - Late timing of offers including university fellowships
 - Non-competitive funding levels, in amount and duration (multi-years)
 - Non-payment of fees for GAs, Lack of tuition funding for master's GAs
 - Struggle between master's and doctoral student funding
 - Heavy teaching loads for GATs
 - Difficult for faculty to ensure continuous external funding for PhD level students
 - Need partners (significant others) placement for some top graduate students

<u>Q4 (cont'd)</u>	
<u>2. Recruitment</u>	
<ul style="list-style-type: none"> • Marketing – no central marketing for graduate students especially for domestic. Brand recognition, awareness. Website, social media • Lack of strategic recruiting practices: limited face to face contact with prospective students including campus visits, limited faculty involvement in recruiting, limited staff for recruiting • Reputation of programs • Low diversity of students • Location -- Geographic location, size of BCS, reputation of Texas, awareness of Texas A&M • Competition in job market -- Decrease in domestic students interested in graduate school.

<u>3. Faculty</u>	
<ul style="list-style-type: none"> • Retirement – some departments are replacing tenured faculty with non-tenured/instructors, limiting number of active research programs • Lack of diversity in faculty • Lack of specializations to meet students' interests 	
<u>4. Administrative Processes</u>	
<ul style="list-style-type: none"> • Time to admit is too slow. Time to offer award packages is too slow (diversity, merit, etc.).

Recommendations: Attracting the Best Graduate Students Survey -- - December 2015

- **Survey question 5 (cont'd)**
 - **Graduate Student Funding**
 1. Flexible and local controlled funding to increase duration of financial commitments to new graduate students
 2. Funding focused on some of TAMU's top graduate programs or strategic priorities for support for strategically targeted "best" graduate programs
 3. Professional development funding for current graduate students and activities for prospective graduate students
 - **Other (lower priority)**
 1. Payment of student Required Fees
 2. Support to secure more training grants
 3. Reduce number of full-time enrollment hours (e.g. for summer, at milestones such as PhD candidacy, etc.)
 4. Pool for one-time website enhancements for departments

- Enhance, recognize, and reward diversity and a climate of inclusion, equity, and respect for students, faculty, and staff.
- Prepare scholars for the professoriate

Graduate Enhancement Funding

- Half distributed based on WSCH generation
- Half distributed based on how well the department met PhD student training metrics
 - publications, presentations, prof. experiences, graduates enter academy, 6-yr graduation, program improvement

Graduate Tuition

- Priority for doctoral students
- State-funded GAT and GANT
- Based on FTE headcount

Flexible Pool

- CEHD Strategic Research Awards
- POWER Writing GA
- Scholarships
- Travel grants
- Research grants
- Dept. climate activities

Graduate Merit Fellowships

- Focus on strategic priorities
- 3-yr commitment, with match between college and departments
- Criteria
 - Superior academic achievement
 - Relevant experiences outside the classroom
 - Contribute to diversity mission of college
 - Letters of recommendation
